DETAILED ACTION

1. Applicant's election of Group II (claims 59 and 63) in the reply filed on 12/01/2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 59 and 63 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 59 and 63 are vague, indefinite and fail to particularly point out what is included or excluded by the claim language due to the fact that each of the above claims depend from a canceled claim. Thus, the metes and bounds of these claims are unclear.

Accordingly, a reasonable search and/or evaluation of the prior art cannot be accomplished until the scope of the above claims can be determined.
